**Committee's Report
For the year ended 30 June 2024**

Principal Activities

The Association is a charity whose purpose is the protection and enhancement of the natural environment and the promotion of sustainability and biodiversity.

Mission

Through inclusive and diverse collaboration, give a voice to members, enable effective management of covenanted properties and grow the profile of private land conservation.

Significant Changes

No significant changes in the nature of the entity's activity occurred during the financial year.

Operating Result

A total of \$35,535 was received in donations from members or donations in-kind (Ecolands Collective Ltd) to fund our operations which totalled \$31,098. This left a net bank balance of \$5,483.

Financial Performance

The organisation is solvent. The expenses and services of the organisation have been met by the generous contributions from the Rendere Trust and Ecolands Collective Ltd and a number of members.

Going Concern

This financial report has been prepared on a going concern basis which contemplates continuity of normal charity activities and the realisation of assets and settlement of liabilities in the ordinary course of activities. The ability of the association to continue to operate as a going concern is dependent upon the ability of the association to generate sufficient cashflows from operations to meet its liabilities. The members of the association believe that the going concern assumption is appropriate.

Ongoing funding of its operations

There has been no change in the environment in which the organisation has been operating. The Organisation's aim in meeting its needs is to seek ongoing funding via grants and from like-minded companies and philanthropists.

Uncertainties

The principal uncertainty the organisation faces is the continuing generosity of its donors, but there is also the legal and regulatory environment.
